### About Charlene:

Charlene's 2nd 7in single for SharkAttack! Music. Recorded and released in 2000. No Fly is downright catchy is it not? Throw it on. See what I mean? I think that's the point. Charlene make music that is instantly likeable but at the same time challenging to the listener. It's funny how the smallest sounds can make a song so powerful. "No Fly" takes a straight forward pop tune and wraps it around a tree of noise and guitar destruction like an aural D.W.I. Meanwhile on the flipside, "Basement Songs" showcase the band's ability to make quiet songs move you as though they are cranked Marshall stack masterpieces.

### Quotes:

"Charlene hint at the definite possibility of future glory." - Skyway

"While Charlene hardly sounds like the fighting type, the group does manage to bloody up 90-pound weaklings Ride before making their guitar-skree getaway. -- Magnet
